New Hampshire

J. ALONZO GREENE.
THE FIFTH MAYOR OF LACONIA.

1902

NINTH ANNUAL REPORT

OF THE

RECEIPTS AND EXPENDITURES

OF THE

CITY OF LACONIA

NEW HAMPSHIRE,

FOR THE

YEAR ENDING FEBRUARY 15, 1902,

TOGETHER WITH OTHER ANNUAL REPORTS AND PAPERS RELATING TO THE AFFAIRS OF THE CITY.

LACONIA, N. H.:
LACONIA PRESS ASSOCIATION, PRINTERS.
1902.

INAUGURAL ADDRESS

OF MAYOR JARED ALONZO GREENE, MARCH 26, 1901.

Gentlemen of the Council,

I greet you. The opening of the twentieth century finds Laconia entering upon the ninth year of her existence as a city; finds her industries in a fairly satisfactory condition, and her people apparently happy, prosperous and contented. Her voters have extended to me the distinction of an election to the exalted office of mayor, while you, gentlemen, have been honored by an elevation to the responsible and dignified position of councilmen. I have accepted my office with a full appreciation of the honor it confers and a due regard for the grave and important responsibilities it encumbers, and I am firm in the belief that you entertain the same sentiments and feelings regarding your office. We occupy, for the time being, the position of a family, or a business firm, where harmony and good will must prevail in order to insure the successful conduct of the affairs before us.

It will be our imperative duty, gentlemen, to handle the property and the money of the city with even more care, economy and discretion than as if we were, as a family or firm, conducting the business for our own personal interest.

While in a certain sense you owe a duty to your party, you probably thoroughly realize that you owe a still more imperative duty to the city and citizens at large; and, believing you to be free from political debts and entangling alliances, you will be enabled to impartially and conscientiously perform all your important duties,

unhampered and unrestrained, and thereby gain the approval and commendation of the entire public.

A majority of you have had the advantage of the experience gained as councilmen during the past year or more, while the minority, like myself, are entirely unversed in municipal affairs, and shall, of necessity, be obliged to lean heavily on you for counsel and advice. We shall, without doubt, be cheerfully given the benefit of your experience and conservative judgment, and shall draw inspiration and wisdom from the same.

It seems needless to deal with figures at this time, so, with your permission, I will take the liberty of eliminating all tiresome statistics and respectfully refer you to the report of the city government, which is in your hands, where the accounts of the city's financial condition, transactions and obligations will be found formulated in a complete, concise and accurate manner.

The health and sanitary conditions of our city are a source of great satisfaction. Contagious and infectious diseases have held sway in our neighboring cities. Many deaths have occurred, and business circles have been greatly disturbed from these causes, while in one city an epidemic of scarlet fever forced the schools and churches to remain closed for some weeks. The people of the town of Plainfield were prohibited from holding an election on the 12th instant by the board of health, from the same cause. While our condolence is extended to our sister cities and towns, we must be allowed to congratulate ourselves on our exceptionally healthy condition. For this pleasing state of affairs we must give proper credit to our unexcelled sanitary system, and especial praise and thanks to those noble, untiring and learned members of the medical profession, who are laboring in our midst, and who are certainly a great credit to their calling.

While on this subject, I would recommend that the request of the board of health, regarding contemplated

connections with our most excellent sewer system, be granted.

I trust, also, that you may see your way clear to grant an appropriation to that God-given, Heaven-born institution, the Cottage hospital.

Our school system stands second to none for a city of our size, and, although expensive, is the fulfillment of an indisputable duty which we owe to the rising generation, and which cannot fail to be a source of much pleasure and great satisfaction to all parents. I heartily commend to your careful and earnest perusal the report of the board of education, the superintendent of schools, and the leading teachers.

The police commissioners have just cause to feel extremely proud of the thorough and highly satisfactory manner in which the chief of police, his assistant and officers have conducted the business of the department during the year just closed. Too much praise cannot be given these fearless officers who, at all hours of the day and night, and under all climatic conditions, protect our lives and guard our property.

As a necessary adjunct to the police force for the successful execution of law and the maintenance of order, stands our police court, the records of which prove that its affairs are administered in a dignified, just and merciful manner. Only complimentary and congratulatory expressions are heard regarding the administration of this court and the honorable presiding judge, whose compensation, I am constrained to say, is far from being commensurate with the dignity of the position, or adequate to the services rendered.

Kind, hearty and well-deserved praise is also due to the chief of the fire department, his assistants and his men. During the year several possibilities of extensive conflagrations have existed and have been fought and conquered by the executive ability of the officers and the efficiency and courage of the firemen, before great

damage had been accomplished by the firemen's enemy and the property owners' fiend—the devouring elements.

As regards streets and parks, I feel assured that much work will be forced upon us in the coming spring, and we must meet it as its needs demand. The report of the street commissioner assures us that “the Main street bridge is in a bad condition and unsafe for traffic.” Gentlemen, I believe and trust that you will not allow your desire for economy to find expression in some serious catastrophe. I cannot too strongly urge upon you the necessity for immediate action in this case.

The state legislature has just passed an act creating for our city a board of public works. This is a step in the right direction, and much will be expected from this board. I will take the liberty to suggest to said board the removal of the unsightly debris from the Gale or Library lot, and the laying out of the suggested so-called “Endicott Rock Park” at The Weirs, provided suitable arrangements can be made and the city put to no expense. The state has appropriated \$1650 for a bridge out to, and a structure around Endicott Rock, and the Lake company and the railroad corporation express themselves as willing and anxious to assist in improving this natural beauty spot. If the members of this board will investigate all the facts and conditions regarding Folsom Park they will find much food for reflection, and will, I hope, come to a satisfactory conclusion as regards the feasibility and practicability of improving the same or the advisability of returning it to its former owner.

Our public libraries, as regards assortment and amount of books, are not up to date, and, upon the completion of our new library building, if not before, every exertion should be made to replenish the shelves with modern works of all kinds and upon all subjects.

We have inherited from our predecessors a number of unwelcome law suits. It is my earnest wish that they be adjusted at the earliest possible time, even by a

compromise if consistent with good business judgment and the thorough protection of the city's interests and rights. It is not advisable to prolong these suits and leave them as a disagreeable legacy to our successors.

In conclusion, gentlemen of the council, allow me to say that the eyes of our fellow citizens are upon us. Let us, in our official capacity, win their approval; let us perform our duties impartially, share each other's responsibilities, lessen each other's cares, and lighten each other's burdens.

MUNICIPAL REGULATIONS,

FOR PAYMENT OF BILLS AGAINST THE CITY.

All bills against the city must be approved by the person authorizing the charge; and unless this is done, no action can be had upon the bill by the committee on accounts and claims, and no order will be given for its payment. When bills are certified to as above, and left with the city clerk not later than Thursday, at 12 o'clock m., preceding the last Monday of each month, they will be audited by the committee on accounts and claims, and if approved by them and allowed by the council, will be ready for payment on the following Wednesday, at the office of the city treasurer.

Meetings of the committee on accounts and claims are held on the Friday preceding the last Monday of each month, at 7.30 o'clock p. m., at the city clerk's office.

CITY GOVERNMENT,

LACONIA, N. H.

ORDINANCES,
RESOLUTIONS
AND ORDER.

ORDINANCES.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

AN ORDINANCE in amendment of an ordinance entitled "An ordinance in amendment of an ordinance entitled 'An ordinance fixing the salary and compensation of certain officers.' "

Be it ordained by the City Council of the City of Laconia as follows:

SECTION 1. That section two of said ordinance as amended be amended by striking out the words "one hundred and fifty" in the second line and inserting in place thereof the words "seventy-five" so that said section as amended shall read as follows:

The city treasurer shall receive in full for his services the sum of seventy-five dollars per annum payable in equal quarterly payments.

SEC. 2. This ordinance shall take effect on its passage.

Passed April 29, 1901.

Approved,

J. A. GREENE, Mayor.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

AN ORDINANCE in amendment of an ordinance entitled "Tax Collector and Collection of Taxes."

Be it ordained by the City Council of the City of Laconia as follows:

SECTION 1. That section four of said ordinance be

amended by striking out the words "six hundred" in the third and fourth lines and inserting in place thereof the words "four hundred and fifty," and by striking out the words "four hundred" in the fourth line and inserting in place thereof the words "three hundred and fifty," so that said section as amended shall read as follows:

The collector of taxes shall receive in full for his services for collecting all taxes of each year, and performing all the duties appertaining to his office, the sum of four hundred and fifty dollars per annum, three hundred and fifty of which shall be paid in equal quarterly payments; and whatever more shall be due him shall be paid at the close of his official year, which shall be for the purposes of this ordinance, the first day of June; at which time he shall surrender to his successor in office all moneys, books, papers, including the list of uncollected taxes, and other property pertaining to his office. He shall forfeit to the city for each one-hundredth of the previous year's taxes, remaining unpaid, on the first day of June aforesaid, the sum of one hundred dollars. He shall receive the uncollected list from his predecessor in office and shall receive for collecting the same as follows, to wit: Five one-hundredths of all the money he may collect of the taxes in the year next preceding, and ten one-hundredths of all he may collect on previous assessments.

SEC. 2. This ordinance shall take effect on its passage.

Passed April 29, 1901.

Approved,

J. A. GREENE, Mayor.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

AN ORDINANCE for the promotion of cleanliness in public streets and places.

Be it ordained by the City Council of the City of Laconia as follows:

SECTION 1. No person shall spit upon the floor of any public conveyance, shop, store, hall, church, school-house, railroad station or other public building in said city, or upon steps of said conveyance or building, or upon the sidewalk of any street or way in said city.

SEC. 2. Any person violating the provisions of this ordinance shall be fined not exceeding ten dollars, and shall pay costs of prosecution, and stand committed until the same be paid, or be confined in the house of correction for a term not less than five days nor more than thirty days.

SEC. 3. This ordinance shall take effect from and after its passage.

Passed April 29, 1901.

Approved,

J. A. GREENE, Mayor.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

AN ORDINANCE giving additional powers to the Board of Public Works of the city of Laconia.

Be it ordained by the City Council of the City of Laconia as follows:

SECTION 1. The Board of Public Works of the City of Laconia shall have power and authority to purchase, sell, or exchange for their department, implements, tools, machines or machinery, road apparatus and horses as they shall from time to time deem the same necessary.

SEC. 2. This ordinance shall take effect from and after its passage.

Passed April 29, 1901.

Approved,

J. A. GREENE, Mayor.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

AN ORDINANCE relating to junk dealers.

Be it ordained by the City Council of the City of Laconia as follows:

SECTION 1. The provisions of sections 1, 2, 3, and 4 of chapter 124 of the Public Statutes are hereby adopted to be in force in the city of Laconia.

SEC. 2. The following sections are added thereto:

SEC. 5. Every person to whom license has been granted shall apply for the same to the city clerk. Every license so issued shall be numbered, and the number of the license shall be conspicuously displayed upon the hat of the licensee.

SEC. 6. The city clerk, after every issuance of a license, shall send a record of the same to the chief of police containing the name, residence and number of the licensee.

SEC. 7. The fee for each license shall be one dollar per year, or for any fractional part thereof.

SEC. 3. This ordinance shall take effect upon its passage.

Passed August 26, 1901.

Approved,

J. A. GREENE, Mayor.

RESOLUTIONS.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

A RESOLUTION authorizing the City Treasurer to hire a sum of money not exceeding thirty-five thousand dollars.

Resolved by the City Council of the City of Laconia as follows:

That the City Treasurer be authorized to hire on the credit of the city a sum of money not exceeding thirty-five thousand dollars at a rate not exceeding three per cent. to meet any necessary claim on bills.

Adopted April 29, 1901.

Approved,

J. A. GREENE, Mayor.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

A RESOLUTION authorizing the City Solicitor to retain Frank S. Streeter of Concord, N. H., in the cases against the City of Laconia, now pending in the Supreme Court:

Resolved by the City Council of the City of Laconia as follows:

That the City Solicitor be and hereby is authorized and empowered to retain Frank S. Streeter of Concord, N. H., as counsel in the cases against the City of Laconia, now pending in the Supreme Court.

Adopted April 29, 1901.

Approved,

J. A. GREENE, Mayor.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

A RESOLUTION relative to the "Gilford Tax Lists."

Resolved by the City Council of the City of Laconia as follows:

Whereas the "Gilford Tax Lists" item, still remains on the books of the city unsettled; and whereas it is desirable that a speedy settlement thereof be effected; therefore be it resolved: That the committee on Accounts and Claims be and are hereby authorized and directed, with the advice of the City Solicitor, to immediately commence such proceedings by suit or otherwise as will be likely to bring about a speedy settlement or adjustment of this matter.

Adopted April 29, 1901.

Approved,

J. A. GREENE, Mayor.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

A RESOLUTION authorizing the settlement of the case of Mary F. Leavitt against the city of Laconia.

Resolved by the City Council of the City of Laconia, as follows:

That the Mayor be and hereby is authorized to draw his order upon the City Treasurer for six hundred dollars in settlement and satisfaction of the case of Mary F. Leavitt against the city of Laconia.

Adopted June 24, 1901.

Approved,

J. A. GREENE, Mayor.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

A RESOLUTION for the erection of a lockup at The Weirs (so-called) in Ward Three.

Resolved by the City Council of the City of Laconia, as follows:

That the Mayor and Police Commissioners be and hereby are authorized to erect upon the city land, at The Weirs, so called, in Ward Three, a building suitable for a lockup, at an expense of not more than one hundred and fifty dollars; and the City Treasurer is hereby authorized to pay said amount to the proper person or persons upon the completion of said building.

Adopted July 29, 1901.

Approved,

J. A. GREENE, Mayor.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

A RESOLUTION authorizing a loan in payment for the rebuilding of the Main street bridge.

Resolved by the City Council of the City of Laconia, as follows:

That the City Treasurer be authorized to hire on the credit of the city, a sum not exceeding three thousand dollars at a rate of interest not to exceed three and a half per cent, to be paid into the hands of the Board of Public Works and by them expended in the rebuilding of the Main street bridge.

Adopted Aug. 16, 1901.

Approved,

J. A. GREENE, Mayor.

•

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

A RESOLUTION relative to furnishing hydrants for fire protection to the buildings proposed to be erected for the care and education of the feeble minded.

Resolved by the City Council of the City of Laconia, as follows:

That provided the state locate the proposed institution for the feeble minded within the city limits, the city will provide at its own expense upon the line of the Water company's pipes, as many hydrants as in the judgment of the Chief Engineer of the Fire department will be sufficient for the protection of the buildings and property of said institution.

Adopted Nov. 18, 1901.

Approved,

J. A. GREENE, Mayor.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

A RESOLUTION in relation to the city of Laconia constructing, maintaining and lighting with electricity a street running from the public highway to the main buildings of the proposed School for Feeble Minded.

Resolved by the City Council of the City of Laconia, as follows:

That, should the trustees of the New Hampshire School for the Feeble Minded children locate the proposed building for said school within the city of Laconia, the city will construct, maintain, and light with electricity, a street running from some suitable point upon the public highway to the main buildings, upon a receipt of a petition so to do.

Adopted Nov. 25, 1901.

Approved,

J. A. GREENE, Mayor.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

A RESOLUTION raising money and making appropriations for the year ending February 15, 1902.

Resolved by the City Council of the City of Laconia as follows:

That the sum of ninety-five thousand, five hundred dollars be raised for the use of the city for the year ending February 15, 1902, by tax on the polls and estates liable to be taxed therein, which together with such unappropriated money as may now be in the treasury, or may hereafter come into it, shall be appropriated as follows, which appropriations shall be in full for all expenditures in each department named:

State tax	\$ 9,061.00
County tax	15,323.32
Schools	23,000.00
Highways and bridges	12,200.00
New streets, extensions and gradings—No.	
Main street, \$200; Walnut street, \$350;	
Centenary avenue, \$250	800.00
Concreting	500.00
Fire department	4,700.00
" " repairing buildings	300.00
Hydrant service	2,275.00
Street lighting	7,000.00
Police department	5,100.00
Police court	400.00
Sewer maintenance	1,200.00
Sewer construction	300.00
City engineering	300.00
Public library	800.00
Removal of library	200.00
Health department	300.00
Parks	100.00
Library park	500.00
Memorial Day	230.00

Support of poor	\$ 800.00
Aid furnished dependent soldiers and their families	100.00
Cottage Hospital	750.00
Miscellaneous expenses	2,500.00
Salaries	3,000.00
Interest on bonds and notes	9,300.00
Payment on funding bonds	2,000.00
Special appropriation for legal expenses, judgments and executions against the city	2,500.00
	<hr/>
	\$105,539.32

In addition to the above the following amounts shall be raised by an extra assessment upon the polls and estates in ward six of this city, liable to be taxed therein, and shall be appropriated for the following purposes, viz.:

Payment of Nos. 13 and 14 ward six coupon notes	\$1,000.00
Interest on ward six notes	306.25
	<hr/>
	\$106,845.57

Adopted April 29, 1901.

Approved,

In Memoriam.

CHARLES ALBERT BUSIEL,

Born November 24, 1842; Died August 29, 1901.

First Mayor of Laconia, 1893--1894.

Governor of New Hampshire, 1895--1896.

Resolutions

ADOPTED BY THE CITY COUNCIL, AT A SPECIAL MEETING HELD
AUGUST 29, 1901.

Whereas, It has pleased the Supreme Ruler of Heaven and Earth to remove by death, the Hon. Charles A. Busiel in a sudden and startling manner which shocked our entire community; and

Whereas, This event has caused the deepest sorrow and gloom to prevaide our city; and

Whereas, The public spirit of the man in all the walks of life, whether as Chief Engineer of the Fire Department, where he worked unceasing to protect the homes and firesides of our citizens, or as Mayor, in which he displayed great zeal in launching our young city on the sea of time, or as Governor of the state where his executive ability added new laurels to his brow and honor to the state, which has challenged our admiration; therefore, be it

Resolved, That we, the Mayor and members of the City Council of the City of Laconia, in special council assembled, do hereby express our extreme sorrow at this dispensation of Providence, and tender to the family and immediate relatives and friends of the deceased our sincere and heartfelt sympathy in their afflictive bereavement, and

Resolved, That as a special mark of honor to his public character that the flags on the public buildings, and of the various depa rtments, be displayed at half mast until after the funeral; and

Resolved, That as an additional mark of the high esteem in which we held the deceased, that the Mayor and City Council and other city officers attend the funeral in a body.

Resolved, That these resolutions be engrossed on parchment, signed by the Mayor and members of the City Council, and that a copy be sent to the family of the deceased, and also be furnished to the press.

WALDO H. JONES, Committee.

In Memoriam.

JOHN R. LEAVITT,

Born July 23, 1836;

Died October 18, 1901.

Councilman, 1897 to 1901.

Resolutions

ADOPTED BY CITY COUNCIL.

CITY COUNCIL CHAMBER, }
LACONIA, N. H., October 28, 1901. }

Whereas, Councilman John R. Leavitt has entered the dark valley of the shadow of death, leaving vacant his chair in this council chamber. Therefore,

Resolved, That in his death this council loses an honored member, the community a good citizen, and his family a kind husband and father.

Resolved, That we tender our sincere and heartfelt sympathy to his family and immediate friends in this dark hour of their affliction.

Resolved, That a copy of this preamble and resolution be sent to the family of the deceased, given to the press, and spread upon the records.

Also, that a memorial page shall be set apart to the memory of the deceased in the annual city report.

(Signed)

GEORGE A. SANDERS,
WALDO H. JONES,
Committee on Resolutions.

ORDER.

CITY OF LACONIA.—In the year of our Lord one thousand nine hundred and one.

AN ORDER directing that a special meeting of the legal voters of ward one be called to elect a member of the City Council to fill the unexpired term of the late Councilman John R. Leavitt of said ward.

Ordered:

That a special meeting of the legal voters of ward one be called in accordance with the provisions of chapter 48, section 11, of the Public Statutes, for November 13th, at nine o'clock in the forenoon, of the present year at Odd Fellows opera house in said ward one, to elect a member of the City Council from said ward to serve during the unexpired term of Councilman John R. Leavitt, deceased.

Passed Oct. 22, 1901.

Approved,

J. A. GREENE, Mayor.

LEGISLATIVE ACTS.

CHANGE OF WARD BOUNDARIES.

ACT OF LEGISLATURE---1901.

STATE OF NEW HAMPSHIRE.—In the year of our Lord one thousand nine hundred and one.

AN ACT to amend chapter 241, of the Session Laws of 1893, entitled "An act to establish the City of Laconia."

Be it enacted by the Senate and House of Representatives in General Court convened:

SECTION 1. Amend said chapter as follows: Strike out all of sections 2 and 3 and insert in place thereof the following:

SECT. 2. The said City of Laconia is hereby divided into four wards, which shall be constituted as follows, viz.:

Ward number one shall include all that part of said city which now constitutes ward number six.

Ward number two shall include all that part of said city, bounded westerly by a line commencing on the easterly shore of Round Bay or Lake Opechee, where the present north-westerly boundary of ward two as heretofore constituted commences; thence southerly by the easterly shore of Round Bay or Lake Opechee and the easterly shore of the Winnipесауkee river to a point on the easterly shore of said river in the center of Main street; thence southerly through the center of Main street to a point opposite the center of Union avenue; thence northerly through the center of Union avenue to a point

opposite the center of Baldwin street; thence southeasterly through the center of Baldwin street to Baldwin street extension thence following the direction of the center line of said Baldwin street extension to the Gilford town line; thence easterly and northerly by said Gilford town line and the southerly line of ward number one to the point of beginning.

Ward number three shall include all that part of said city now included in wards number one and three, and all that part of ward number four lying on the westerly side of the Winnepesaukee river.

Ward number four shall include all that part of said city not embraced in the three before mentioned wards.

SECT. 3. Said wards one, two and four shall elect two representatives and ward three one representative to the general court until such time when their constitutional rights shall entitle any of said wards to a greater number.

SECT. 2. Strike out section 8 of said chapter and insert in place thereof the following:

SECT. 8. Wards one, two, three and four as hereby constituted, at every state biennial election, commencing with the biennial election in 1902, shall choose by ballot and plurality vote one supervisor of checklists, and the City Council shall also on the Wednesday next following the state biennial election in 1902, and on the Wednesday next following the state biennial election thereafter, by ballot and major vote, choose one supervisor of checklists who shall hold office for the term of two years. The persons thus chosen shall constitute the board of supervisors of checklists of all the wards of the city, and the member chosen by the City Council shall be chairman of the board.

All vacancies occurring in the board shall be filled by the City Council. The existing board of supervisors as elected at the state biennial election in 1900, and the chairman of said board now holding said office by vote of

the City Council subsequent to said biennial election shall continue in office and constitute the board of supervisors of checklists for said city until their successors are chosen as provided in this section, and qualified.

SECT. 3. Strike out section 15 of said chapter, and insert in place thereof the following:

SECT. 15. At the annual city election on the second Tuesday of March 1901, there shall be elected in each of said wards one, two, three and four, by and from the qualified voters in each of said wards, one councilman to serve for two years, and these four councilmen so chosen, together with the seven councilmen from the wards as heretofore constituted, whose terms will not have expired, shall constitute the City Council until the organization of the council on the fourth Tuesday of March, 1902. At the annual city election on the second Tuesday of March, 1902, each of said wards one, two three and four shall by and from the qualified voters of each of said wards, elect one councilman to serve for two years, and thereafter at each annual election one councilman shall be chosen by and from the qualified voters of each of said wards to serve for the term of two years.

All duties pertaining to the warning and holding of the annual city election on the second Tuesday of March 1901, shall be performed as follows, viz.: In ward one as hereby constituted by the proper ward officers in said ward elected in said ward known heretofore as ward six.

In ward two, as hereby constituted by the proper ward officers in said ward elected in ward two as heretofore constituted.

In ward three, as hereby constituted by the proper ward officers of ward three as elected in said ward as heretofore constituted.

In ward four, as hereby constituted by the proper ward officers as elected in ward four as heretofore constituted.

The term of office of all ward officers except supervisors of checklists and councilmen in wards one and five as heretofore constituted, shall terminate and be of no effect on and after the date of the passage of this act.

SECT. 4. This act shall take effect and be in force from and after its passage.

CYRUS H. LITTLE,
Speaker of the House of Representatives.
BERTRAM ELLIS,
President of the Senate.

Approved Feb. 20, 1901.

CHESTER B. JORDAN,
Governor.

STATE OF NEW HAMPSHIRE.

OFFICE OF THE SECRETARY OF STATE.

I hereby certify that the foregoing is a true copy of an act entitled "An act to amend chapter 241, of the Session Laws of 1893, entitled 'An act to establish the City of Laconia,'" approved Feb. 20, A. D., 1901, as engrossed in this office.

(SEAL) In witness whereof I hereunto subscribe my official signature and affix the seal of the State of New Hampshire at Concord this 15th day of June, A. D., 1901.

EDWARD N. PEARSON,
Secretary of State.

ACT ESTABLISHING THE BOARD OF PUBLIC WORKS

FOR THE CITY OF LACONIA.

STATE OF NEW HAMPSHIRE.

In the year of our Lord one thousand nine hundred and one.

AN ACT to amend chapter 241 of the Session Laws of 1893, entitled "An act to establish the City of Laconia," and to create a board of public works for said city.

Be it enacted by the Senate and House of Representatives in general court convened:

SECTION I. Insert a new section in said chapter between sections 20 and 21, which shall read as follows:

"SECT. 21. The general management and control of the street department and the sewer and engineering departments, except as hereinafter provided in relation to the two last named departments, shall be vested in a board of commissioners, consisting of three members, to be known as the board of public works, who shall be elected by the City Council at its meeting on the fourth Tuesday of March, 1901, and serve one for two years, one for four years, and one for six years, and until their successors are elected and qualified, and annually at the city election in the month of March thereafter by and from the qualified voters of the city one member of said board shall be elected to serve for six years. Said

board of commissioners shall have charge of the construction and repair of all highways, bridges and sidewalks within the city, and shall have authority to purchase timber, plank, stone, and other material for the construction and repair of streets, bridges, highways, and sidewalks, and they may remove gravel, rocks, or other material from one part of the city to the other, doing no damage to adjoining land, for the purpose of grading or otherwise repairing the same.

"They shall have power and authority to appoint a street commissioner, who shall be subject to their direction, and they shall also have authority to employ, cause or direct the employment of such other men and teams as they shall deem necessary. They may remove said street commissioner or any servant or employee whenever they deem it necessary, and they shall generally have and exercise all the powers and authority that highway agents of towns now have under section 3, chapter 29 of the Session Laws of 1893 and section 1 of chapter III of the Session Laws of 1895, and all the powers of city councils under paragraph 7 of section 10, chapter 50 of the Public Statutes.

"Said board shall hereafter appoint the superintendent of sewers and fix his salary or compensation, and may remove him whenever they deem it necessary.

"Said board shall have in charge the care, construction, and repair of all public drains and sewers of the city.

Said board shall hereafter appoint the city engineer and may remove him whenever they deem it necessary. Said engineer shall have such powers and duties not inconsistent with this act as the City Council shall from time to time provide by ordinance.

"Said board may have such additional powers and duties not inconsistent with this act as the City Council may from time to time prescribe by ordinance.

"Said board immediately after their first election, and

annually thereafter, immediately after the fourth Tuesday of March, shall organize by the choice of one of their number as chairman and one as secretary. They may make such rules and regulations for the government of their department not inconsistent with this act as they deem advisable.

"They shall be sworn to the faithful discharge of their duties, and shall give bonds to the city, such bonds to be to the satisfaction of the City Council for the faithful discharge of their duties.

"They shall keep an accurate record of their proceedings, and an accurate account showing in detail all moneys received by them, from whom and when received, and all moneys paid out by them, to whom and for what purpose, and on or before the fifteenth day of February in each year they shall make a report to the City Council, showing in detail their receipts and expenditures, and settle their account with the city. Their report shall be printed in the annual city report in detail.

"They shall also on or before the fifteenth day of February in each year, make to the City Council an estimate of the money necessary to be raised or appropriated for all purposes relating to streets, highways, bridges, and sidewalks for the year ensuing, stating in detail the purpose for which the money is desired to be used. All bills and indebtedness made or contracted shall be paid from the city treasury upon the order of said board, but nothing in this act shall be construed to give said board any power or authority to contract any indebtedness against the city in any year in excess of the amount raised or appropriated by the city for that year for purposes of expenditure within the province of said board.

"The annual salary of each member of the board shall be one hundred dollars (\$100).

"A vacancy occurring in said board shall be filled by the City Council at its first regular meeting after such

vacancy occurs, and shall be for the unexpired term of the member creating such vacancy.

"Said board shall have the power if they deem it advisable, to appoint one person to hold all of the three offices of street commissioner, city engineer and superintendent of sewers, or any two of them.

"So much of section 21 of said chapter 241, and any ordinance of the city as is inconsistent with the provision of this act is hereby repealed. Renumber the succeeding sections of said chapter 241, making section 21 of said chapter, section 22."

SECT. 2. This act shall take effect on its passage.

DEPARTMENT REPORTS.

SCHOOL DEPARTMENT.

REPORT OF THE BOARD OF EDUCATION.

To the Citizens of Laconia:

To the board of education is given a double task; it is its pleasant duty to call the attention of the voters and taxpayers of the city to the improvement in the condition of the schools and their equipment, and it is also its duty, although a less pleasant one, to dwell year after year on the lack of schoolrooms sufficient for the needs of the ever increasing number of pupils, and also on the great unsuitability, in some cases, of the only quarters that can be procured.

The greater part of this report must be given to the less pleasant task, as the superintendent will tell you of the general improvement in the schools under his care, and the increase in apparatus at the high school will be called to your notice by its principal.

It is a great satisfaction to the board of education to feel that pupils from other towns are attracted to the Laconia high school by the advantages it offers, and every effort is being made to bring up the standard of the work done there. The chemical and physical laboratories, so necessary to the modern school, are not, however, properly housed, the basement being the only place available for the former. This is most undesirable on many accounts, as the room is both dark and cold, and the fumes that cannot be avoided must necessarily rise and diffuse themselves throughout the building. The expense of fitting up suitable laboratories is, however, too

great for the board of education to shoulder out of its annual appropriation. It is felt, nevertheless, that the teachers are doing excellent work with the facilities at their disposal, and that the character of the school is constantly improving.

The careful student of the city reports for the past few years will see that the interest of \$15,000 is annually expended in rent for three schoolrooms without proper sanitary arrangements, and, as they were not planned for school purposes, in other respects not well fitted for the use to which they have been put. Again, those studying the financial reports will see that a slightly less amount (\$424) is spent on car fares for the high school pupils of ward one. Manifestly the best solution of the difficulty, if possible, would be a new High school building midway between the two ends of the city. This, without being so large as the present high school building, could be arranged to meet exactly the requirements of a modern school of one hundred and fifty to two hundred pupils. No fares would need be paid by the city, as both ends would be equally accommodated, and the greater part of the pupils would be able easily to walk. Hours could also be arranged for the good of the high school only, with no reference to the grade schools; while the present high school building could accommodate the grade schools now in rented rooms. This plan would save both rent and transportation.

If this is not feasible, a six-room building should be built during the coming season in the vicinity of Baldwin street for the schools of lower grade. This would give a chance for some growth in population, but in a few years it would be found none too large.

It was found absolutely necessary last fall to reshingle the Pear street schoolhouse in ward one. It was hoped that no more money need be spent on this building, as it was condemned ten years ago and should be replaced at the earliest possible moment by a modern two-room building.

It must not be thought that the members of the board of education are more anxious than other taxpayers for an increase in the tax rate, but their attention is necessarily called to the pressing need for more schoolrooms, and in city affairs, as in other business, an immediate expenditure, although seemingly extravagant, is often economy in the end. This whole matter lies in the hands of the voters, and the board can simply reiterate the need of immediate relief from the present congested condition. The mayor and several members of the council have already inspected the schools of the city, and it is earnestly desired that all citizens endeavor to acquaint themselves as soon as possible with the situation.

In the spring term the primary rooms are greatly overcrowded by the entrance of children who have reached the age of five during the winter. This term is of only ten weeks duration, and those who enter in the spring gain nothing in time themselves and render the work of the teachers less effective by multiplying classes. It is requested, in the interest of the pupils themselves, that parents refrain from sending their young children for the first time until the beginning of the fall term.

The reports of the superintendent of schools and of the principal of the high school are herewith appended, to which, it is trusted, all will give careful attention. It will be seen from the financial report that the schools have been kept within their appropriation.

Respectfully submitted,

WILLIAM A. PLUMMER,

DENNIS O'SHEA,

REPORT OF SUPERINTENDENT OF SCHOOLS.

To the Board of Education:

In presenting my fifth annual report I wish to state that I consider the present school year a prosperous one. The attendance has been better than ever before. The general health of the school children has been good and we have escaped the contagious conditions that have prevailed in so many towns in the state. I do not mean to say that we have had no scarlet fever or diphtheria, but whenever a case has appeared it has been quickly isolated, and, not to my knowledge, has a single case been known to arise from a child taken sick while attending school. This has not been due to chance, but to prompt action on the part of physician, board of health, teacher or parent realizing that immediate measures were of the utmost importance in cases of such a nature. All this has had much to do in affording a prosperous year, for without good attendance and punctuality on the part of the pupils, work drags, plans miscarry and satisfactory results are not forthcoming. Punctuality and promptness are distinct factors in education and are taught and emphasized from the primary through the high school.

The school census taken last April shows an increase of 123 pupils over that of 1899. It is not easily shown on paper just where this has occurred as the ward lines have been changed, but it is evident from the crowded condition at Bowman street that there are more pupils than formerly in that part of the city. My report of last year explains somewhat at length the then existing need of a school building in place of the rented quarters we

have been using for some years. We are now renting three rooms and before long, if we cannot have a new building, we shall be obliged to have two more, making five for which we must pay rent. I think this condition will confront the board of education next September and it will be an absolute detriment to the schools of that part of the city if we cannot have more room at once. I wish to make this statement with the greatest emphasis, new school accommodations should come at once. It has been necessary to employ at Bowman street, two teachers for the fall term in the first grade, where before, one teacher has been able to do the work. I expect 100 pupils will seek room there next spring term, a number utterly impossible to crowd with two teachers into one room. Our first, second and third grade teachers are or are about to be given more work than they can do, and I have just been notified by one of our best teachers that she can not another year bear the strain of such large numbers.

The changes in the teaching force have occurred in about the same number as usual. Misses Fox and Smith resigned at Gilford avenue, their places being filled by Miss Merrill, a recent graduate of the state normal school and Miss Sargent transferred from Weirs. Miss Dame was transferred from Gilford avenue to Bowman street to fill the place of Miss Carley, resigned. Miss Bean, for several years teacher of the ninth grade, high school building, was elected principal of the Mechanic street school and teacher of the ninth grade there. Miss Abbott was elected to the position vacated by Miss Bean. Mrs. Drew-Lamprey took up her work after a year's leave of absence and Miss Hawkins, who had acted as her substitute, was placed in charge of the grade formerly taught by Miss Abbott. Miss Weymouth teaches at Pear street and Miss Spaulding at Harvard street.

There have been some changes in the high school. Miss Smith has been obliged to lay aside her work for a

while, at least, through the advice of her physician. I consider her absence a most decided loss to the school and I wish to acknowledge my appreciation of her work and the sterling worth of her character and influence upon her pupils. Miss Laura J. Beach of New Haven, Conn., now has charge of the work in modern languages and history. Miss Louise A. Ordway, a graduate of Radcliffe, comes to us from Concord with very strong indorsements of the superintendent and high school principal of that city.

The inner working of the schools has been along nearly the same lines as in the past, always allowing for a margin of growth. We have been following a graded and uniform course of reading in English in the upper grammar grades and have also adopted a more general course of grade review in arithmetic, giving as much stress as possible to practical problems and insisting upon accuracy. The course in the high school was somewhat modified last September to conform more nearly to necessary requirements and some branches were introduced for review work.

The number of pupils in the high school is now a very little less than last year, although the number dropping out of school was never so small. The class of 1901 was large, the entering class was rather small. It looks like a larger school next year.

While we have no physical laboratory we have an equipment for one; meanwhile we shall make use of a room we now have as best we can. We have adopted the Harvard College book of experiments for our laboratory text book, and our new apparatus is what that book requires for its experiments. We shall soon be doing work in physics which will fit a pupil to enter any college. We can now feel that an important point has been gained as this has been our only deficiency for some time.

Each pupil is required to perform experiments in

chemistry and physics for himself according to the modern method of teaching. He is taught to observe carefully and to do with more or less skill with his own hands what used to be done for him by his teacher.

A reasonable number of pupils can be accommodated in our high school as tuition scholars without very much additional expense to us. A law recently passed renders it possible for any boy or girl in this state to secure a high school training free of expense to himself as far as books and tuition are concerned. Towns not supporting a high school must pay the tuition of their pupils who are prepared and wish to attend a high school approved by the state superintendent of public instruction. We have fourteen such pupils who are in attendance from seven different towns. The city of Laconia, for years has been educating in its high school children gravitating to it from many of the towns of Belknap county and even beyond. Many of our citizens contributing to the support of the schools year after year think they have good reason to adopt temporarily or better, perhaps, give a home to a favorite nephew or niece who has a desire for a high school training. This spirit of help to secure an education is highly commendable and may be of no great consequence in the case of one or two pupils. The new law compelling a town to pay the tuition of its pupils qualified to enter a neighboring high school will be of material help to us in the support of our schools and also puts an effectual stop to gratuitous tuition, since we charge all such items directly to the town from which the pupil comes.

I wish to call attention to the reports of Principal Young of the high school, of Mr. Osgood supervisor of music, of Miss Nelson who has charge of the drawing, and City Marshal Scott who looks after the truants and the general matters pertaining to the truancy laws. I quote the letter received from State Superintendent Channing Folsom last June. "I wish to congratulate

you. Mr. Dame, my agent under the attendance law reports: 'The school law is better enforced in Laconia, than in any other place I have visited.' He has visited from twenty to thirty towns and cities."

In conclusion, I wish to acknowledge my indebtedness to the board of education for their kindness and support in my work. To the teachers I would express my thanks for their loyalty and readiness in adopting such suggestions as I may have made.

Respectfully submitted,

J. H. BLAISDELL,
Superintendent of Schools.

REPORT OF PRINCIPAL OF HIGH SCHOOL.

Mr. J. H. Blaisdell, Superintendent of Schools:

I submit herewith my third annual report as principal of the Laconia high school.

Probably no feature of the work in the high school is more gratifying than the increased desire for a higher education. Of last year's graduating class Miss Theodate Burpee entered Smith college on examination, and three or four others of the same class are expecting to enter college next September. Of the present graduating class probably five will take their examinations for college in June. For the larger number who do not intend to pursue their studies further, strong and thorough courses are offered, tending to give mastery over a subject, rather than a smattering of many things. The student may take history for four years; mathematics, three years; science, three years; four years of English are required, and he may elect a modern language for three years or Latin for four years.

The physical laboratory has been supplied with apparatus sufficient to meet the Harvard requirement, either major or minor. We have not, however, a room adapted to the work in physics. We must also make provision for a review of ancient history and for solid geometry for pupils going to the colleges or technical schools. This, however, can be done with our present teaching corps. The cost of fitting up a good working laboratory in botany would be slight, and I am very desirous of seeing a strong, practical course in biology.

It is a matter of regret that Miss Laura Smith has

been compelled to be absent on account of poor health. Miss Smith is a strong teacher, an excellent disciplinarian, and has always displayed a genuine spirit of co-operation, without which the efficiency of any teacher is greatly impaired. The work of Mr. Griffin and of Miss Moulton, who are teaching in the school for the third year, is worthy of great commendation. The results of the work in English have been very satisfactory, the outcome of following consistently a carefully prepared plan.

Careful reviews of spelling and arithmetic are now provided. These are required of every pupil. In spelling, thirty words a week are studied, and examinations are to be held at the end of each term. In order to pass in English, every pupil is expected to pass in spelling. At the rate of thirty words per week—and this includes prefixes, suffixes, rules for spelling, etc.—the pupil, in the four years, will have mastered about four thousand words. In arithmetic a systematic review of the different parts is made during the four years.

An earnest effort is being made to secure the careful preparation of every lesson on the part of each pupil. To do this would require for the average pupil two and one-half hours of home study, some days more, some less. In order that parents may know of any failure, special weekly reports are sent home. The purpose in so doing is to acquaint the parent with the pupil's work, to secure co-operation, and to make sure of the necessary home study. The school is run entirely for the best interests of the pupil, and the principal is very glad at any time to consult with parents in order that the greatest good may result.

It is also gratifying to note the increased number of pupils studying Greek. The numbers for the last five years are as follows: 1898, 5; 1899, 8; 1900, 12; 1901, 15; 1902, 22.

From the opinions of business men and from personal observation and experience, it has become my firm con-

viction that a boy or girl should get a good general education before specializing, and that a commercial education should come after a high school course. In order to obtain the expert testimony of those who are engaged in commercial education on a large scale, I wrote to Burdette's business college, the Pernin school of shorthand, and Bryant & Stratton's business college, asking the following questions:

1. Do you prefer pupils with a good high school education?

2. Which carry your work better, high or grammar school graduates?

3. Which secure the better positions on graduating from your school?

4. How much, if any, are a boy or girl's chances to secure and hold the better positions increased by taking a good high school course before going to a business college?

5. Remarks.

The answers are most interesting and instructive, embodying as they do the experience of these three well-known schools. I give the number of the above questions with the answers.

1. Burdette's, most emphatically yes; Pernin, yes; Bryant & Stratton, yes.

2. Burdette's, high; Pernin, high; Bryant & Stratton, high school pupils take up our work more intelligently.

3. Burdette's, a slight advantage; Pernin, high; Bryant & Stratton, high school graduates are in greater demand.

4. Burdette's a young man's chances of rising are considerably better if he has a full high school or even a college course; Pernin, 100 per cent.; Bryant & Stratton, the same answer as to question 3.

5. Remarks, Burdettes: We have every year a number of students who are graduates of colleges, and it is always a matter of great satisfaction to see how readily

they absorb the work, and how well they do when they start out in the world. I should say most decidedly, "give the boy all the general education possible before he attends a special school, whether it be law, medicine, theology or business." Principal Black of the Pernin school says: "Ninety-eight per cent. of our pupils are from high schools. It is seldom that a grammar school pupil can pass our test in English, which we require to enter. Grammar school pupils, as a rule, have not sufficient education to make successful stenographers. Publishing houses, for instance, will not take a stenographer who is merely a grammar school graduate."

That there is a strong demand in the high school for the commercial studies is shown by the large classes in book-keeping and stenography. In fact some come entirely for the commercial work, and take the other subjects because they are obliged to. If we judge from the testimony of business men and from the experience of the large business colleges, it would pay to secure a good general education first, then specialize.

The operation of the new law relating to high schools has brought pupils into our high school, and more will come each year. The city ought soon to receive at least one thousand dollars a year in tuition money. It is necessary, therefore, to maintain a high grade of scholarship in the school, so that pupils may pass their college entrance examinations, or out-of-town scholars must go elsewhere.

REPORT OF DRAWING TEACHER.

Mr. J. H. Blaisdell, Superintendent of Schools:

Looking back over the year's work in drawing I take pleasure in reporting a satisfactory rate of progress.

The designs placed in our exhibition last June showed great improvement in that branch of drawing. We are obtaining more uniform work even than last year. The result of one of the most difficult lessons in model drawing, given by a teacher in a high grade, was a good drawing from every pupil in the room.

The outline used is much like that of last year. Some changes are necessary every year that we may introduce a part at least of the new work that is constantly being added to public school drawing.

Our school-rooms are growing more attractive on account of the pictures which are being placed on their walls by the united efforts of teachers and pupils. That children, during the years they are in school, can have the influence of these reproductions of works of art, is a great thing. It is a greater thing to lead them to a keen appreciation of beauty in art and nature and awaken the consciousness that they too can create what is useful and beautiful for the help and pleasure of mankind.

I wish to give thanks to the teachers for their co-operation and the superintendent for his counsel.

Respectfully submitted,

LUCY N. NELSON.

REPORT OF MUSIC TEACHER.

Mr. J. H. Blaisdell, Superintendent of Schools:

In making my report for the year just closing, there are some features to be noted which are new this year.

One is in regard to the work of the first grade. Previous to this year, all first grades have used the first chart, which is a part of the normal music course and doubtless a part of the pupils have, to a certain extent, memorized the exercises after working on a page for a week; and, as it was sight reading we wanted, this was not entirely satisfactory. The plan followed this year, which, by the way, is an experiment, is being tried in the first grades on Gilford avenue and Bowman street and briefly is this:

The grade teacher each week is given a certain number of exercises, so many for the first day, and the second day and so through the week. She puts the first day's work on the blackboard and the pupils sing it. This is now erased and the next day's work is performed in the same manner and at the end of the week, they have had as much drill as on the chart, only they have not seen one exercise times enough to memorize it. The other first grades are using the chart and at the end of the year it will be easy to say which is the best plan.

There is a little more work for the teacher in the new method but one teacher says she rather do the extra work than return to the old system.

I have made the same test at Meredith and with the same results.

Another new plan this year is to give two lessons where there are two grades in a room, and not combine the two as heretofore. This also means a little more work for the teacher and a little less time for each class, but each class now is advancing each week while under the former plan a fourth grade, for instance, would have to review the work they had the previous year in order to be with the third grade just entering the room, as of course it is out of the question for the third grade to skip a whole year's work to get with the fourth grade.

The senior classes work with greater interest because it is new work, and the junior classes are the more independent because they do their own work rather than let the older class carry them along. At no time since my connection with the schools have the boys been doing so good work as now. We have at present eight classes where the boys are doing the lowest part alone and doing it well.

One pleasant event of the past year was the work of the pupils of the Lakeport end of the city on last Memorial day, for the G. A. R. All the schools up to and including the ninth grade sung, "The School-house That Stands by the Flag" and "Sail On, O Ship of State," and a competent critic who heard it, declared it to be in tune and the words spoken distinctly and the time good.

The work of the high school chorus is to me the least satisfactory of any work in the city. We have one forty-minute period once a week; it takes perhaps five minutes to reach the hall and get seated and the bell rings at 3.55, leaving us about thirty minutes, and no choir or choral society would expect to do large things in that time. We have in preparation at present a sacred cantata which with the help of good solists we hope to give in a creditable manner.

We are well equipped with books, etc., and at no

time do I remember of having so willing and hearty co-operation from the teachers throughout the city and my thanks are due and are hereby extended to them for their help.

Respectfully submitted,

FRED H. OSGOOD,

Supervisor of Music.

Laconia, N. H., Feb. 13, 1902.

PUBLIC LIBRARIES.

REPORT OF THE TRUSTEES.

To the City Council:

The trustees submit the report of the secretary covering the receipts and expenditures of cash for the year. Many of the most popular books having become entirely worn out it was thought best to purchase duplicates of some of those most frequently called for and \$48.34 was expended therefor. The reports of the librarians herewith submitted give the usual facts and tables as to the use of the libraries and also contain valuable suggestions for the future.

It is expected that another removal will take place before the close of the coming year and it is hoped that at least twelve hundred dollars will be appropriated; this amount, with the unexpended balance, will go far towards putting the library in proper shape in the new library building and add some new books.

JOHN W. ASHMAN, Secretary.

To the Honorable Board of Trustees of the Public Library:

GENTLEMEN.—The necessity of removing the library early in the year from the National Bank block into the vestry of the Unitarian church has greatly interfered with its usefulness in many respects, but the work of removal was successfully accomplished requiring an interruption for a period of two weeks only, and on June 1st, 1901, we resumed the circulation of books in our new quarters, which though not altogether desirable serve very well as a temporary home.

A manifest decrease in patronage is noticeable since the removal took place, and when on a recent Saturday two hundred and seventy-five books were loaned there was a feeling of pleasure that business was resuming something like its former proportions. The lack of new publications is, of course, the prime reason for a decrease in circulation and we cannot hope for great improvement until our shelves are supplied with new books. It is gratifying to note the fact that the reference department has been used to a much greater extent than usual, and when access may be had to it each day in the week its usefulness will be almost unlimited. At present, we are looking forward with great anticipation to the pleasure of moving once more into what will doubtless prove the final home of the library, and if it is not out of place I would like to remind the public that it has long been a custom when people move into a new home, for friends to remember the occupants with some useful or ornamental gift. Would it not be a pleasure to friends of the library to bring one or more books, a picture for the walls, some valuable relic, or collection of antiquities for the memorial hall, a year's subscription to some periodical for the reading-room, or other articles which will naturally suggest themselves when the new library building holds its house-warming?

A few gifts of books have been received during the past year, but were mixed with others in the confusion

of moving so that it is impossible to separately acknowledge them but they are none the less gratefully received.

Respectfully submitted,

JULIA S. BUSIEL, Librarian.

To the Board of Trustees of the Public Libraries of Laconia:

GENTLEMEN.—I have the honor to submit to you my tenth annual report as librarian of the Lakeport public library for the year ending Jan. 31, 1902.

At the annual inventory, every book was found or accounted for as usual. No new books were purchased during the year. Eighteen books and thirty pamphlets, including bulletins and periodicals, were donated. Four of the books donated were given by a reading club of young ladies to whom the librarian sold the books at the trade price, which he paid for them in Boston, with the understanding that they should be presented to the library after being read by the club and its friends. These four books were *Eben Holden*, by Irving Bacheller; *When Knighthood Was in Flower*, by Charles Major; *Quisante*, by Anthony Hope Hawkins; and *The Reign of*

Law, by James Lane Allen. Someone offered, through Henry T. Coates & Co., a copy of Casting of Nets, by Richard Bagot, to each of the first three hundred libraries applying for it. This library secured one of those copies. Four books were returned from the bindery without having been rebound, because a part of each book was missing. Two of the four had been taken apart. These four books were discarded and withdrawn from circulation. Many others are incomplete and should be replaced, but some of our patrons desire to read them even in their present condition, so they are not withdrawn. The total number of books is now twenty-four hundred and thirty and of pamphlets one hundred and forty-four. One hundred and seventeen books were rebound.

Fifty-seven new borrowers were registered, during the year, bringing the total up to one thousand and ninety-four. This number does not include the sixty-three persons who obtained their cards at the other library, but have drawn books from this library. The circulation was about fifteen per cent. less than it was during the preceding year. This is doubtless due to the fact that no new books have been purchased since February, 1899. A large proportion of those who formerly drew books from this library seem to think that they have read all the books in our collection that would interest them. When the new building is in use, it is hoped that arrangements will be made for drawing books from either library through the other. The proportion of fiction circulated was a little greater than last year, and is likely to increase until more books in other classes can be provided for those who have read all the books in the library in the classes that most interest them. The percentage of travel circulated shows the only decrease among the main classes. The percentage of biography and history and of all other classes combined shows an increase as compared with the previous year. This is partly due to

increased demand from the pupils in the schools and partly to the use of these classes of books by the study clubs of the city. Twenty dollars and sixty-five cents were received as fines, a gain of seventy-seven cents over the previous year.

Only forty-eight books were loaned to the teachers of the city for school use during the year. Ten times as many might have been loaned if they could have been spared; but the teachers often want the books that are in greatest demand at the library. They want the same books, year after year, for the successive classes; and these are nearly worn out. The pupils become interested in them while they are in use in the schools and want to draw them on cards. Thus the best books are well advertised; but that fact makes it necessary to retain them for circulation and the number available for use in the schoolroom is much restricted. It is very desirable that each schoolroom should be provided with such books as are most useful in connection with the studies taught in that room. The public library should be able to provide additional books on special topics assigned by the teachers for investigation. Five hundred dollars a year for five years could be wisely spent for books for use in the schools of the city. If this can be done, incalculable benefit to the pupils will result.

No books were drawn from the state library or from the General Theological library of Boston during the year. Considerable effort is being made to secure legislation providing for the transportation through the mails of library books at the rate of one cent a pound. If the plan succeeds, many of our patrons will doubtless avail themselves of the privilege of drawing books from the state library at merely nominal expense. Funds are needed by those who are promoting the plan for travelling and other necessary expenses, and friends of the movement are earnestly requested to send contributions to Mr. Arthur H. Chase, state library, Concord, N. H. It is expected that a complete author list of the books in

the state library will be published during the current year. This list should greatly increase the use of the state library through the local library. A copy of the list will be found at this library as soon as it is available.

The librarian would be pleased to have his own private library used more freely by the public. The only restrictions on its use are that the books must be used at the library and they must be handled carefully and they must not be soiled. The library has been developed solely for reference use and contains many books not otherwise available. During the past year, there have been added the latest edition of Appleton's Universal Cyclopaedia and the Annual Cyclopaedia for the years from 1896 to 1900 inclusive. Each annual volume will be added as soon as published. Modern Eloquence, edited by Thomas B. Reed, in ten volumes, the first five volumes of Harper's Encyclopaedia of United States History, to be completed in ten volumes, the new edition of Who's Who in America and Adam's Dictionary of American Authors are among the other additions of the past year. The Annual Literary Index is a key to the periodical literature of each year and gives the dates of all important historical events for the same period. Bible students are cordially invited to use the Dictionary of the Bible, edited by Dr. Hastings and published by Charles Scribner's Sons. Only three volumes have been received, but the final volume is expected during the current year.

We are pleased to make grateful acknowledgment to our friends for gifts to the library as follows: American Free Trade League, one pamphlet; Thomas Willing Balch, Esq., one book; John M. Berry, two pamphlets; Mrs. John E. Currier, four volumes of the Missionary Helper; Dover, (N. H.) Public Library, one pamphlet and three bulletins; Hon. J. H. Gallinger, one public document; General Theological Library of Boston, two pamphlets; Indian Rights Association, six pamphlets; New Hampshire Board of Library Commissioners, one

pamphlet, four bulletins; New Hampshire College Monthly, two issues; George F. Seward, three pamphlets; J. F. Steward, one book; Thursday Club, four books; Julian F. Trask, City Report; United States Agriculture department, four pamphlets; United States Education bureau, two books; United States Interstate commerce commission, one book; United States National Museum, two books; United States War department, one pamphlet.

STATISTICAL TABLE.

Books on hand February 1, 1901	2416
Books donated	18

“ “ of all other classes	4.34
Largest number of books out on the first day of any month, February, 1901	219
Smallest number of books out on the first day of any month, October	126
Average number of books out on the first day of each month	166
Number of books loaned teachers for school use	48

Respectfully submitted,

OLIN S. DAVIS, Librarian.

FIRE DEPARTMENT.

REPORT OF THE CHIEF ENGINEER.

To the City Council:

I herewith submit the ninth annual report of this department for the year ending February 15, 1902.

There have been eighteen box alarms and two still alarms during the year, as follows:

June 9. Box 74. C. F. Stone's building. Damage to building, \$500; covered by insurance. Damage to contents, \$165; covered by insurance.

July 3. Box 65. Brush fire. No damage.

July 19. Box 25. Fred Keasor's block. Damage to building, \$500; covered by insurance. Damage to contents, \$2,000; covered by insurance. Damage to stock in Tebbett's block, \$100; covered by insurance. Damage to Belmont block, \$367; covered by insurance. Damage to stock in Belmont block, \$600; covered by insurance.

Sept. 1. Box 27. Powers' hot house. Damage, \$100. No insurance.

Sept. 7. Box 54. W. F. Knight's building. No damage.

Oct. 15. Box 56. False alarm.

Oct. 16. Box 43. A. C. Leavitt's house. Damage, \$100; covered by insurance.

Oct. 25. Box 58. Fire in leaves and brush. No damage.

Oct. 31. Box 75. Charles Wilmot's house. Damage, \$575; covered by insurance. Damage to contents, \$375; covered by insurance.

- Nov. 10. Box 58. Chimney fire. No damage.
 Nov. 10. Still alarm. Chimney fire. No damage.
 Dec. 4. Box 25. Chimney fire. No damage.
 Dec. 29. Box 48. Messer house. Damage, \$25;
 covered by insurance.
 Dec. 31. Box 28. Chimney fire. No damage.
 Jan. 1. Still alarm. Bert Pitman's house. No damage.
 Jan. 1. Box. 27. Chimney fire. No damage.
 Jan. 7. Box 25. Perley's block. Damage, \$25; covered
 by insurance.
 Jan. 18. Box 75. Lakeport laundry building. Damage
 on building, \$1,000. Insurance, \$500. Damage on
 contents, \$1,200; covered by insurance.
 Jan. 23. Box 25. Ladd's building. Damage, \$150;
 covered by insurance. Damage on stock, \$500; covered
 by insurance.
 Jan. 27. Box 74. Belknap house. Damage, \$1,100;
 covered by insurance. Damage to contents, \$525; covered
 by insurance.

RECOMMENDATIONS.

I would make the following recommendations: That a hydrant be located on Manchester street, near Valley street; also one on Messer street, near upper railroad crossing; that provision be made for the purchase of 1000 feet of hose; that the steamer hose wagon and supply wagon be repaired and repainted, and the other department apparatus be varnished; that a new department building be erected on Water street.

I wish to express my sincere thanks to Mr. Jones, the chairman of the fire committee, and to my assistants, officers and men, also to the street and police departments, for their assistance rendered.

Respectfully submitted,

ALBERT W. WILCOX,

Chief Engineer.

REPORT OF CITY SOLICITOR.

To the City Council:

Little less than a year ago it was my fortune to become your legal advisor. The office to me presented a new and untried field; and I felt that the only safe course to pursue, as the legal guardian of the rights of the city, was to examine the authorities upon every question presented before I ventured an opinion. I further esteemed it my duty to attend the legislative sessions of the city government, and see to it that the results desired were accomplished in legal form. And now, following the custom which prevails in all municipalities, I submit to your honorable body the following resume of the more prominent features of the law work of the year.

The disputes relating to the laying out of the Weirs boulevard are ended, with the exception of the case of J. F. Prescott and an award of \$46.11 to the estate of J. S. Wadleigh and another award of \$129.34 to the estate of E. E. S. Wadleigh, and a few other nominal awards which have not as yet been accepted.

The case of Edwin L. Cram v. Laconia, which was pending at the time I took office, has been decided in our favor; the credit of this success belongs to my predecessor, Colonel Jewett, as his was the brief which led the court to its decision. The other cases which were dependent upon the outcome of the above, and which were known as the Gold street cases, have all been dropped by the plaintiffs in interest.

The case of R. N. Dana, which seemed to present a

question different from that involved in Cram v. Laconia, was settled with the defendant for \$344.76.

In the action of Mary T. Leavitt, where the seriousness of the injury was undoubted and where the liability of the city was an open question, it was deemed advisable to compromise the same for the sum of \$600.00.

The petition of George Sleeper for the assessment of damages on account of the improvements on River street was tried at length before the county commissioners and an appeal was taken by the plaintiff to the superior court; a compromise was finally reached for \$125.00.

In the case of Gilman v. Laconia, where a verdict was rendered for the plaintiff, an appeal was taken to the supreme court, but the verdict of the lower court was sustained; the result of this case, however, does not affect the city for the reason that we are fully protected by a bond.

During the year a contention has arisen between Laconia and the county of Belknap relative to the support of the Frawley family; this case has been decided by the court in our favor, and delivers us from what might have been a heavy burden.

Early in the year a case was given out in the so-called Lake Company litigation somewhat unfavorable to Laconia; these matters are still pending, and at the present time it is impossible to predict what the outcome will be.

Only two new cases have been entered in court against the city this year up to the present time; one of Davis v. Laconia and another of Trepanier v. Laconia, all growing out of a change of grade on Davis place; there may be some further actions entered at the coming court and arising upon this same street.

My ambition has been to avoid litigation for the city so far as consistent with the interests of the public; I have therefore advised the heads of departments not to embark upon any new work until those interested were

disposed to relinquish all claims for damages. This policy, where it can be pursued, I believe will deliver us from much vexatious litigation. As I look back over the year, I discover a growing tendency on the part of our citizens to settle their differences with the city amicably, rather than resort to the machinery of the courts, and this, to my mind, presages the advent of an era of good feeling, which can but bring in its train municipal prosperity and success.

I wish in conclusion to assure those in authority that the unfailing courtesy and confidence which they have always extended to me will be treasured in grateful remembrance.

STANTON OWEN, City Solicitor:

POLICE DEPARTMENT.

REPORT OF THE POLICE COMMISSIONERS.

To the City Council:

We respectfully present herewith, the annual report of the city marshal for the year ending February 15, 1902.

The following changes in the personnel of the force have occurred during the year.

Edmund G. Howe, a regular patrolman, resigned December 31, 1901, and Ruel H. Hoadley was appointed to fill the vacancy. The following named special policemen have resigned during the year: John H. Boardman, Thomas Parant, and William C. Bartlett. John D. Reid, a special policeman, who some time ago left the city and whose whereabouts are unknown, was removed from the force by the commissioners.

FRANK E. BUSIEL,
FRED C. SANBORN,
CHARLES W. VAUGHAN.

REPORT OF THE CITY MARSHAL.

To the Board of Police Commissioners:

I respectfully present herewith, the annual report of the police department for the year ending February 15, 1902.

REPORT OF CLERK OF POLICE COURT.

To the City Council:

I have the honor to submit my report as clerk of the police court.

The criminal cases brought before the court since last report, 308, of which the city marshal gives a detailed account in his report.

Entry in civil cases, 26, for which I have received thirteen dollars, for which I hold receipt of city treasurer.

Respectfully submitted,

MARTIN B. PLUMMER,

Clerk of Police Court.

REPORT OF BOARD OF PUBLIC WORKS.

To the Honorable Mayor and City Council:

We herewith submit the first annual report of the board of public works, together with the report of the street commissioner, city engineer and superintendent of sewers.

The amount appropriated for this department for the past year has been found sufficient for the care and general repairs of the streets and highways up to the present time and we have a balance on hand, as will be seen by the financial report, that will carry us through the whole year. We have been fortunate in having no large snow storms, which would have added largely to expense. We would, therefore, recommend the sum of \$13,000.00 be appropriated for the general repairs for the coming year.

The condition of the concrete on Church street is such that it is necessary that it should be re-covered. We recommend the sum of \$1,000.00 be appropriated for that purpose. We also recommend that the sum of \$250.00 be appropriated to purchase a new road machine to take the place of one of the old machines that is so worn that it is continually out of repair. We, therefore, consider it a matter of economy that a new one be purchased. We recommend the sum of \$500.00 for re-covering concrete sidewalks and \$250.00 for a new sidewalk on Main street, in front of the new library building. The above amounts seem absolutely necessary.

It is the opinion of the board that some permanent

improvements should be made each year, and that a certain sum be appropriated for that purpose, and commencement be made, beginning on Bank square, the same being put in condition for block granite paving, or that the macadamizing on Main street be continued to the railroad crossing, or the macadamizing of some street at Lakeport.

There are several other matters which we have for your consideration, such as Wilkinson bridge, estimated to cost \$250.00; retaining wall Canal street, \$600.00; culvert Union avenue, south of car house, \$400.00; culvert Cottage street, \$300.00; culvert Joliet street, \$300.00.

REPORT OF STREET COMMISSIONER.

To the Board of Public Works:

I wish to call your attention to the following brief summary of the expenditures chargeable to the appropriation for highways and bridges.

Your report shows a total expenditure of \$11,386.79 which should be itemized as follows:

Walnut street improvements	\$ 288.51	
Surface drain, North Main street . .	398.70	
Scavenger service	894.05	
Winter expenses	3009.89	
Labor and supplies charged to other appropriations and to in- dividuals, for which payment has been made as shown in your report	813.46	
		<u>\$5,404.61</u>

Leaving a balance of \$5,982.18 that has been used in cleaning and repairing more than 70 miles of streets, about 30 miles of sidewalks and 14 bridges, to say nothing of several miles of surface drains that require constant attention.

I have received during the year, as deposits for permits to open streets, cash as follows:

Mary R. Smith	\$ 1.00	
George Page	1.00	
Winn. Lake C. & W. Mfg. Co	2.00	
L. E. Hayward	1.00	
C. F. Stone	2.00	
William Campbell	1.00	
Estate of Samuel C. Clark	2.00	
		<u>\$10.00</u>

Which is accounted for as follows:

Paid L. D. Clark, for concreting	\$ 8.00	
Returned to L. E. Hayward	1.00	
Returned to Winn. Lake C. & W. Mfg. Co	1.00	
		<u>\$10.00</u>

I have delivered to each of the parties a statement of the cost of the work and returned the balance when any remained.

In conclusion I wish to say that I believe that, with the exception of one claim for less than \$5.00, every bill contracted since you assumed control of this department, has been presented to you for approval. There are bills amounting to \$11.77 due the department for labor and material furnished several individuals, that I have not been able to collect. All other bills due the department have been collected and the money paid to the city treasurer.

I hand you herewith an inventory of the property and tools in the hands of the department.

Respectfully submitted,

F. G. BERRY, Street Commissioner.

REPORT OF THE CITY ENGINEER.

To the Board of Public Works:

I submit herewith the ninth annual report of the department for the year ending Feb. 15, 1902.

Owing to the reduction in the appropriation for this department, I have been obliged to leave undone considerable work that ought to have been attended to during the year and judging from the work now in sight, I do not think that it will be possible for anyone to do the work in this department that will be absolutely necessary during the coming year, unless there is an increase in the appropriation.

I wish to again call your attention to the bounds for the new Weirs road. If these bounds are not set soon it will be necessary to retrace the entire line of the road, which will more than double the expense, to say nothing of other difficulties to which it may lead.

I would also like to suggest that you ought to furnish a transit for the use of the department.

Respectfully submitted,

F. G. BERRY, City Engineer.

REPORT OF SUPERINTENDENT OF SEWERS.

To the Board of Public Works:

I submit herewith the eleventh annual report of this department for the year ending Feb. 15, 1902.

The sewers have required very little attention during the year outside of the regular routine work. The whole system was thoroughly flushed late in the fall, at which time some trouble was caused by large deposits of grease that had become quite hard, and in a few places by roots that had worked into the joints. I am convinced that as a matter of economy, to say nothing of sanitary conditions, the sewers should be thoroughly cleaned as often as once a year.

There have been 430 feet of six-inch pipe sewer built on Center street during the year. Owing to very favorable conditions this lateral was completed, including flush tank and other fixtures, for \$212.57, which is considerable less than the estimate submitted at the beginning of the year.

There are two flush tanks, one on Beaman street and the other near the residence of W. A. Plummer, on Pleasant street, that ought to be constructed at once. This, I think, is all the new work that will be called for this year.

OVERSEERS OF THE POOR.

To the City Council:

We hereby submit our report for the year ending Feb. 15, 1902.

The condition of this department shows but slight change from that of one year ago. Every application for aid has been promptly investigated and been disposed of in the manner to make as little expense as possible and do justice to the person asking aid. The financial report gives the amount expended and for whom it was paid. As to the amount to be appropriated for this department for the coming year is a difficult problem to solve. We have given the matter careful consideration, taking the past year as our guide and we believe the amount can safely be reduced from eight hundred to six hundred dollars. Of the one hundred dollars appropriated for aid to dependent soldiers and families, not a single dollar has been used, notwithstanding which we recommend that the same amount be appropriated for the ensuing year.

Respectfully submitted,

ARTHUR TUCKER,

ARTHUR C. S. RANDLETT,

Overseers of the Poor.

BOARD OF HEALTH.

To the City Council:

We herewith submit our report of sanitary work for the year ending Dec. 31, 1901.

Complaints made to and investigated by the board of health	104
Houses closed by order of the board of health, containing contagious diseases	26
Houses fumigated by board of health	28

Laconia has been very fortunate in escaping the dreaded disease of smallpox, being a manufacturing town where the help are constantly coming from and going to larger cities, many of which have had the disease. We have had two or three suspicious cases which were carefully watched and a doctor of experience with smallpox called to make the diagnosis.

We would respectfully recommend that the city council make an appropriation for a suitable pest house, or at least rent a place, which could also be used for families that have had scarlet fever or diphtheria while their homes were being fumigated, as it is next to impossible to thoroughly fumigate small houses where there are large families.

In some of the places in this state where an epidemic of smallpox has prevailed the public have been greatly endangered and no end of expense to the city by not having a proper place in which to treat these cases.

The vaccination law has been strictly enforced in our public schools, with not little opposition on the part of the parents, the city physician vaccinating those who not feel able to bear the expense. The public generally are beginning to realize that their only safety from this horrible disease is by being well vaccinated. This board has just purchased for the city a formaldehyde sprinkler for fumigating, to take the place of the now out of date sulphur fumigation. It does away entirely with the possibility of fire, leaves no bad odor or dust; does not require a house to be closed only about one-fifth as long as the sulphur fumigation, and is very much more effective.

Respectfully submitted

D. L. DAVIS, Pres.,

F. E. MOORE,

W. H. TRUE, Sec.

REPORT OF THE TRUSTEES OF THE LACONIA HOSPITAL ASSO'N.

This report covers a period of two years, from January 1, 1900 to January 1, 1902. During this time no additions have been made to the general or permanent funds, so that the trustees, though ever bearing in mind the growing necessity for a permanent and more favorably located hospital, have been unable, for want of necessary funds, to take any steps to this end. They do not doubt that, as needs and opportunities become more and more pressing, the responses will be sufficient to enable them to carry out this cherished purpose.

In the meantime the Cottage hospital is doing a successful and constantly increasing work. The number of patients admitted for the year 1900 was 47, for 1901, 63, showing a gratifying increase. This does not include the outside patients, or those who came to the hospital for treatment, but did not remain there, of whom there were a considerable number. While of necessity the number of patients varies from time to time, the hospital, during the past year has had as many as could be properly accommodated. The tables herewith appended furnish a condensed history of the cases treated.

Several very important operations have been successfully performed. The medical and surgical staffs cannot be too highly commended for constant and faithful performance of their duties, their services being freely and

unstintedly given. Their success compares favorably with that of larger hospitals elsewhere.

The cost of maintaining the hospital has averaged about \$3,000 for each year. The increase of expenses in 1901 over 1900, as shown by the treasurer's report, is occasioned by carrying over of a portion of the bills of 1900 to the next year.

The receipts for outnursing, care and board of patients for 1900 were \$1,047.05, for 1901, \$1700.57. These figures show that the hospital is becoming, from year to year, more and more self-sustaining; the receipts for the last year being nearly 57 per cent. of the cost of maintenance.

With a larger building and more nurses this showing could be considerably improved. It is but just to say that these good results are largely due to the careful, prudent and economical management of our efficient superintendent, Miss Curtice.

Frequently donations have been made directly to the hospital, consisting of provisions and other household and hospital supplies, also of flowers and such gifts as are designed to cheer and comfort the sick; all of which have been thankfully received and have greatly encouraged both attendants and patients. Their continuance is solicited. As all these gifts have been acknowledged through the press from time to time it is not deemed necessary to give the list here. A complete record is kept at the hospital. One gift, deserving especial mention, was an unsolicited check for fifty dollars sent by J. D. C. Hoit, M. D., of Elmwood, Ill. Dr. Hoit was a Laconia boy and keeps up a lively interest in the affairs of his native town.

The appropriation of the city was increased the past year from \$500 to \$750. This sum meets about 25 per cent of the annual expenses. The question is sometimes asked, What benefit does the city derive from its hospital appropriation? The law allows towns and cities to appropriate money towards the support of hospitals,

because it is deemed for the public good that such institutions should be maintained, especially in our larger towns and cities. They are humane in their character, furnishing temporary homes for the sick, who may be so situated as not to be able to supply themselves with necessary conveniences, nursing and medical attendance, and enabling them to remain near their homes and friends; and all this at one-half the actual cost. In cases of emergency or accident they are of especial value, both to the habitant and the stranger. They train up a corps of competent nurses whose valuable services may be availed of in our homes, when disease invades them. In short, the advantages are so many and valuable that no thoughtful tax-payer regrets the small sum he is called upon to pay annually.

The Woman's Hospital Aid association continues to be of invaluable aid in our work. In fact, we hardly know how the Cottage hospital work could be carried on without them. They have turned over to us during the past year upwards of a thousand dollars. Their interest constantly manifested, their frequent meetings, their visits to the hospital, noting and taking measures to supply needful wants, are a great help and serve to keep up an interest throughout the entire community. Their secretary's and treasurer's reports are published herewith.

The training school for nurses continues to be maintained. The physicians who give their time and services, often at a great inconvenience to themselves, in instructions and lectures, are entitled to great credit.

We regard it as a stepping stone in our progress that we have graduated our first pupil the past year, Miss Mary L. Gage. Miss Gage is regarded as a very competent nurse. She resides in Laconia, and is devoting herself to the duties of her profession.

In the death of Hon. Charles A. Busiel the association loses one of its most earnest, active and devoted supporters. He had been a trustee of the association since

its organization and was chairman of the executive committee. To his efforts the Cottage hospital is largely indebted for its existence. He was ever ready both by word and deed to advance its interests. His counsel as well as his constant financial support will be greatly missed.

WOMAN'S HOSPITAL AID ASSOCIATION.

REPORT OF THE SECRETARY.

To the officers and members of the Woman's Hospital Aid association, I hereby submit the following report for the year ending Dec. 31, 1901.

The number of business meetings held during the year was eight, these were for the months of January, February, March, May, June, October, November and December. No meetings were held during April, July, August and September.

The number of "thimble parties" held during the year was nine, being held once in four weeks the first part of the year, during the latter part, once in two weeks. These have proved both social and successful, the proceeds having been used for the purchase of various minor though very useful articles for the Cottage hospital. During the year, we have lost two of our most useful and beloved members, by death, Mrs. Dr. O. W. Goss and Mrs. G. Henry Tilton; the names of these two, together with a former beloved member, Mrs. T. W. Anderson, have been placed on our memorial record. During the year the ladies have conducted most successfully a "rumage sale" which netted the sum of about \$400.

We extend a cordial invitation to all ladies interested in this great and good work, to join this association. The membership fee is one dollar annually; honorary members, five dollars annually.

May the coming year be one of greater prosperity, and may we prove a united band of workers, for the benefit of the sick and afflicted at our own city hospital.

Respectfully,

SUSAN E. NELSON, Secretary.

Laconia, N. H., Feb. 13, 1902.

REPORT OF THE TREASURER.

A. W. DINSMOOR, City Treasurer.

REPORT OF COMMITTEE ON FINANCE.

To the City Council:

The books of the city treasurer have been examined and compared with those of the city clerk, by your committee on finance, and found correct, with proper vouchers on file for all payments.

All bills allowed by the committee on accounts and claims, the payment of which have been authorized by the city council, have been paid.

The sources from which the income of the past year has been derived have also been examined, and the treasurer has charged himself with the amount received and has made a correct statement of the same in detail. The balance of cash in the hands of the treasurer is four thousand ninety-five dollars, fifty-nine cents (\$4,095.59.)

The committee recommend that the Gilford tax list account that now stands upon the books of the city as an asset be either collected or charged off during the next year.

J. A. GREENE,
W. L. MELCHER,
W. F. KNIGHT,
Committee on Finance.

CITY EXPENSES.

FOR THE YEAR ENDING FEBRUARY 15, 1902.

Being an itemized account made up from the books of the city clerk, of the payments made by the city treasurer on account of running expenses.

The arrangement of the details of expenditures which follows, is intended to give such information as is desired by the public.

Items of payment to the same person or firm at different times are included in the aggregate amount given, if paid for the same objects. By notices in the local press and otherwise, efforts have been made to ascertain and pay all approved bills to date.

Net debt Feb. 15, 1902		\$217,997.45

ERRATUM.

The appropriation and expenditure for county of Belknap tax on Page 146, should read as follows:

Appropriation	\$15,323.32
Paid S. B. Cole, treasurer, county tax	15,323.32

It will be noted that the city has paid from this year's receipts (besides various small accounts) the following bills, for which no appropriation was made:

Main street bridge	\$2,514.94
Repairs on old bridge	155.52
Old highways and bridges account	2,063.24
The Weirs lockup	199.62
Land damages	205.87
	<hr/>
	\$5,139.19

Also the sum of \$2,894.45 charged to the city and credited to the Board of Public Works as a matter of bookkeeping is still in the treasury unexpended.
